CHEF PARTNER PROGRAM

Building a private chef career takes more than talent. It takes the right tools, the right visibility, and the right guidance at the right time. Without those things, even the most skilled chefs find themselves stuck. Great at what they do, but struggling to reach the clients who truly value it.

The Ripples in Motion Chef Partner Program was created to bridge that gap. Whether you are just starting out or looking to elevate your existing clientele, this program gives you the foundation, the exposure, and the ongoing support to grow your business with confidence.

WHY WE BUILT THIS

At Ripples in Motion, we believe the private chef industry should work better for the people who power it. This program was not built as an afterthought. It was built with intention, because we know that when chefs have the right resources behind them, everyone wins. The clients get better experiences. The chefs build better businesses and brands. And the industry grows in the right direction.

If you are ready to stop navigating this industry alone, this is your invitation. The Ripples in Motion Chef Partner Program is open and we would love to have you as part of our network.
